

Polk Young Professionals Awards

NOMINATION FORM

For twelve years, we celebrated five individuals annually who were emerging in their industry or community through our Polk Emerging Leaders Awards. We are excited to announce that we will be re-vamping this event to be the Polk Young Professionals Awards!

The Polk Young Professionals Awards is a Celebration of Polk County Young Professionals and will be an evening event to celebrate the work of our young professionals' groups throughout the year and the people making a difference in Polk County.

The event will feature three new awards:

1. The emerging leader, who is a young professional ages 21 - 30.
2. The legacy builder who is a young professional ages 31 - 42.
3. The Philanthropic champion, a young professional who is known for their volunteering and philanthropic spirit.

A finalist from each of the young professional groups will be recognized before honoring one county-wide young professional. The Polk Young Professionals Awards will take place on August 29th in Winter Haven. Tickets and sponsorship information can be found through your respective local young professionals group.
